## HOW TO ADD PHOTOS TO VEHICLES IN EPOD

(Note: You will not be able to add images, inspect a vehicle, or scan a VIN for drop-off before all documents for pick-up have been completed. Also be aware that you will not be able to add images, inspect a vehicle, or scan a VIN once documentation signed off on for that leg of the trip. i.e. you will not be able to add a vehicle inspection for pick-up once documentation for pick-up has been signed.)

Click on the down arrow to open up the **Vin Scan/Damage Code/Photo** Menu.

For photos click on the camera icon.
